## James – Expressing Creativity Through Art

James is a talented artist with a unique creative vision. Living with disability has never stopped him from pursuing his passion for art, in fact, it's become a source of joy, comfort, and connection in his life. Cara is so proud to support James in achieving his goals and continuing to explore his artistic abilities.

James works with a calm and meditative mindset, often choosing pencils and markers as his preferred mediums. His artwork reflects what matters most to him, frequently featuring items that hold personal meaning, things he keeps close in his favourite bag. Hidden symbols and recurring motifs, such as hearts, appear throughout his creations, adding layers of depth and individuality. He often repeats the same image multiple times, refining and perfecting it with patience and dedication.

In 2013, James proudly exhibited his work at the Port Pirie Regional Art Gallery and later at the Burra Regional Art Gallery, marking significant milestones in his artistic journey. These exhibitions showcased a variety of pieces, including detailed pencil drawings, one of James's chosen styles, and celebrated the creativity and individuality of all participating artists.

Today, James's creativity continues to flourish. His current focus includes body art, colouring his body with pencils, and vibrant pencil drawings on paper, often inspired by his favourite themes like Doctor Who and Power Rangers. These projects allow him to express his personality and interests in new and exciting ways.

For James, art is more than a hobby; it's a way to express himself and feel connected to the world around him. Cara supports James by providing opportunities and encouragement to pursue his passion, whether it's creating new pieces, exploring

new techniques, or preparing for future showcases. We are committed to helping James live a life full of creativity and purpose.

We can't wait to see what James creates next!
